

For the Love of Learning Tuition Dramatically Cut

**Tuition Reduced for
University Courses**

Powell Riverites will have the opportunity to attend university classes at Vancouver Island University this fall at an astonishingly low cost.

The Love of Learning program (LOL) will begin in September 2008. At the Powell River Campus, students will have the opportunity of taking first year university classes in English, History, Geography, Psychology, Anthropology and University 101.

Students in the LOL program will be registered on an audit basis, so they can sit in on classes and learn without the pressures of term papers or exams.

Tuition fees will be \$33 a credit, plus student fees, so for approximately \$165, an LOL student can monitor a course. For those sixty-five or older, the **tuition fees** are completely waived.

Arlette Raaen, campus principal, is delighted with this new mandate. "We are looking forward to opening VIU's doors to more learners. We know that more and more people value life-long learning."

Please contact the Powell River Campus of VIU at 604.485-2878 for more information.
